About This Content

The Israeli Sabra Mk.2 was developed as an upgrade kit for the aging Turkish M60A1 and M60A3 series Patton tanks in the early 21st century. Its main features include a new 120mm IMI M253 smoothbore gun replacing the old M68, and a brand new set of additional NERA armor, significantly improving the tank's protection.

In Armored Warfare, the Sabra Mk.2 is a Tier 7 Premium Main Battle Tank with powerful armament, thick armor and special black camouflage.
